SCIENTIFIC PROGRAM

16:30 – 16:40 **Welcome and Conference Reminders**
Sergio Grinstein. Past-Chairman PABMB.

Chairpersons: Maria Angeles Serrano Garcia and Jose Sotelo

16:40 – 17:20 *Tom Misteli*, National Cancer Institute, NIH, United States.
“**Genome Architecture: From Basics to Disease**”

17:20 – 18:00 *Helder Maiato*, University of Porto, Portugal.
“**How cells prevent micronuclei?**”

18:00 – 18:40 *Valeria Levi*, Universidad de Buenos Aires, Argentina.
“**Transcription factors at the focus: dynamical organization of the
glucocorticoid receptor in the nucleus.**”

18:40 – 19:20 *Ana Pombo*, Max Delbrueck Centre for Molecular Medicine, Germany
“**Cell-type specialization in the brain is encoded by specific long-range
chromatin topologies**”

19:20 – 19:30 **Closing Remarks**
James Davie

Organizing Committee:

Jose Sotelo, Jim Davie, Tasnim Beacon
Marcelo Carlos Sousa, Graça Soveral
Isabel Varela Nieto, Maria A Serrano

Pan-American Association for Biochemistry and Molecular Biology, PABMB
Sociedade Portuguesa de Bioquímica, SPB
Sociedad Española de Bioquímica y Biología Molecular, SEBBM
